

Career Mentoring Day for Disabled Vets @ Clark Construction November 19, 2009

A unique opportunity to develop a relationship with the largest independently owned construction firm in the country with a large presence in San Antonio

Network with Clark Construction representatives who work in the field which interests you

This one-day career mentoring experience will give you the opportunity to:

- Participate in one-on-one career exploration in areas such as engineering, IT, logistics, field safety, and others
- Get a behind-the-scenes glimpse of a successful business's daily operations
- Hear career advice and employment tips from industry insiders
- Learn more about the skills necessary for a career field you are interested in
- Find out about current or future opportunities with Clark Construction or its subcontractors
